## Judge Thomas quashes Hancock indictments

BY DENA BISNETTE  
Circuit Judge James Thomas has ordered indictments origi-

nally handed down by the January 1988 Grand Jury to be quashed.

The decision was made public at about 5 p.m. Friday in keeping with a statement that Thomas had made Wednesday when he and Senior Circuit Court Judge Kosta Vlahos sat together to hear a motion to quash the indictments as well as testimony and arguments in the matter.

The eight motions were consolidated based on the fact that all concerned a common ques-

tion of law, whether the indictments were valid.

However, the decision will affect not only the eight cases in which formal motions were filed; it will also apply to all of the multi-count indictments redone in January, Circuit Clerk Pamela Metzler said after the order was issued.

Senior Circuit Judge Kosta Vlahos had stated that he would render a separate opinion regarding two Harrison County cases and the case of Melvin Joseph, who had been

indicted on a charge of murdering his wife. Thomas had recused himself from the case because he had had professional dealings with Joseph and an attorney.

The document recommending Thomas' opinion and decision stated that none of the defendants in the affected cases are discharged. They are instead bound over to a future Grand Jury for action. The next scheduled Hancock County Grand Jury is January 1989.

## Bay St. Louis Post Office extends Wednesday hours

The Bay St. Louis Main Post Office will adjust retail window hours to expand service to postal customers beginning Saturday, Sept. 24, says Postmaster Tom Hill.

The changes follow the announcement by Postmaster General Anthony M. Frank that the Postal Service will be able to restore service and still comply with the congressionally-ordered operating fund cuts of \$160 million for 1988 and \$270 million for 1989.

"It is now clear that savings generated will make it possible

for the Postal Service to meet the requirements of the Budget Reconciliation Act of December 1987," Hill explained, "so the time has come to readjust window service in a way that best meets our customers' needs."

Hill said that the window hours that were reduced last February resulting in the post office closing for on-half day on Wednesdays will be restored to best meet the needs of customers. He said the new hours for the Main Post Office are 8:30 a.m. to 5 p.m. Monday through

Friday, and 8:30 a.m. to noon on Saturday.

Hill says other convenient methods of purchasing stamps and postal products will continue to be available also such as stamp vending machines and the Stamps by Mail program.

"During the past month," Hill says, "we have carefully examined our operations and customer needs in determining the window hours needed to maximize service availability to our customers. The new hours are also posted on a sign in the lobby."

## County sells old hospital as residential care facility

BY DENA BISNETTE

The old Hancock General Hospital building has been sold for \$400,000 to a Wisconsin firm planning to remodel the facility into a residential care home for the elderly.

The Hancock County Board of Supervisors authorized completion of the sale Thursday. Southern Health Enterprises, Inc., represented Thursday by three of the firm's owners, Roger E. Jacobson, Douglas M. Wright and Dr. Dewitt G. Crawford, already operates five facilities in Mississippi, including a skilled nursing facility and a residential care home in Laurel, skilled nursing facilities in Louisville and Aberdeen and a dual-certification facility for skilled and intermediate care in Jackson, Jacobson said.

The Hancock County facility, used as a 60-bed hospital before Hancock Medical Center opened, will provide residential care for about 37 patients, although it could hold as many as 57 beds, he added. Residential care is provided for elderly

people who do not need skilled nursing care but do need supervision with medications, diet and exercise.

Such care is less expensive than skilled nursing, Jacobson commented.

He explained that the old surgery wing would probably become some sort of day care center, but whether it would be for elderly or children has not

yet been decided.

If a certificate of need can be obtained during the next legislative session, a skilled nursing facility will be added later, providing an additional 60 to 120 beds.

The new owners have the entire structure razed and new rooms built. Local contractors, a local decorator, Southern Interiors, has already been selected for the decorating phase. Cornell Malone, a Hattiesburg contractor, could start reroofing the building as early as next week, Jacobson stated.

His son, Mark Jacobson, will arrive in the area about Oct. 1 to supervise renovations.

The anticipated opening date for the facility is Dec. 1. If the residential care center can not be opened by that date, the opening will be delayed past the Christmas holiday season to Jan. 2.

The board of supervisors had stipulated through the sales

## "QUOTABLE QUOTES"

By Ellis C. Cuevas

We wish to thank everyone who participated in the beach cleanup in Hancock County Saturday.

A lot of litter was collected. Hopefully, we can keep our beaches and waterways clean.

Folks were collecting litter in the "Lend a Hand in the Sand" Coastal cleanup in five states. Many folks in Harrison and Jackson Counties and a few from Hancock County were also collecting along our barrier islands.

On Saturday morning at the break of day there was a big dark cloud over the Gulf and we are glad the weather cooperated with us for this special cleanup.

There were many hours of preparation in this extensive marine cleanup and the organizers want to thank everyone for their help.

Those of us who cover high school football are really thrilled when one of the players we write about in the local area moves on to college and even some to the professional ranks.

This year on the college level, Brett Favre, a former star at Hancock North Central, is already closing in on passing records at the University of Southern Mississippi.

Favre is only a sophomore, and by the time you read this may have already become the record holder for touchdown passes tossed by a quarterback for the Golden Eagles.

Last week, Brett passed for three touchdowns against Virginia Tech.

We know the Hawks followers are very proud of Brett's accomplishments thus far in the college ranks.

When the Tampa Bay Buccaneers are on television, we also have an opportunity to see Gene Lang in action as a professional football player.

We covered Gene's play as a star for the Pirates of Pass Christian when he was a high school player.

A Health Fair will be held on Thursday at the Diamondhead Country Club from 10 a.m. to 6 p.m.

The fair is sponsored by the Diamondhead Business and Professional Association and Hancock Medical Center.

The fair is free to the public and will feature diabetes and hypertension screening, vision, glaucoma, hearing and pulmonary function testing and more.

There will also be a blood drawing, and as most of you know, blood supplies are low in our area just like the rest of the country.

We hope there will be a large attendance at the health fair on Tuesday.

## THE PEOPLE'S BUSINESS

From the Mississippi  
Economic Council

### Federal deficit problem ignored by candidates

The nation is facing a problem of monumental proportions, yet neither of the presidential candidates has offered a solution and for the most part, they have not even acknowledged that a problem exists.

The problem confronting the nation is the federal deficit. It seems that the federal government has taken up the habit of spending more than it receives in tax revenues. Now anyone who operated a business in this manner wouldn't be around for very long.

According to the U.S. Chamber of Commerce, spending during the 1980s has increased by an average of \$414 billion a year; tax revenues, on the other hand, have only increased by an

average of \$337 billion a year, thus causing an explosion of the federal deficit over the past eight years.

Unfortunately, the reason that the candidates have not acknowledged the problem is because their polls indicate that the American people do not want to hear about the deficit. Meanwhile, the deficit increases at astronomical rates and the Japanese and the West Germans continue to shoulder the burden of most of that debt.

If the country is to avoid a crisis situation, it needs leaders who will face up to problems and not ignore a problem because of its political consequences.

## LETTERS TO THE EDITOR

### Perniciaro does not endorse any candidate

It has been brought to my attention that someone running in the November election is telling the voters of District 4 that I am supporting them. This is not true.

I urge the voters of District 4 to get out on election day and

vote for the candidate of their choice.

Most of the candidates in the November election are personal friends of mine, and I wish all of them the best of luck.

Yours truly,  
Sammy J. Perniciaro

### Waveland resident seeks bowling alley sponsor

To the Editor,

I will make this brief and to the point. With all the new stores opening in the area why hasn't anyone tried to promote a bowling alley in Bay St. Louis or Waveland?

Think of what it would mean to have a recreation place that the entire family could enjoy and participate in. It would mean so much to the senior citizens, and needless to say, the teens would have a place to be involved in good recreational sports.

We who love to bowl must drive to Gulfport or Slidell, La. which discourages many people from bowling.

A few years ago when Bay St. Louis had a bowling alley, it was always busy with bowlers of all ages. So I'm certain it would have a 100 percent participation as bowling is one of the healthiest sports there is.

Thank you for letting your readers write in.

Yours truly,  
Dee Wendling

### Attorneys, realtors should bear tidelands litigation cost

To the Editor,

Re: Thad Vann, The Sun Herald, page 1A, 9/20/88

Vann's proposal that the state merely confirm at state's expense the titles of present quasi-owners of "protected tidelands" is about as ridiculous as would be a proposal from a coalition of attorneys representing all the convicted felons in the State of Mississippi that all felons be restored their rights and liberties, at state expense, simply because enforcement and execution of law creates for them a hardship.

However, Vann's proposal evokes an interesting idea in the mind of this respondent. Why not, however the protected tidelands business comes out, extract the cost of all relevant litigations from the realtors and

attorneys who have participated in, and profited from, these unwarrantable transfers of the property of the people of the state of Mississippi to and from ill-advised individuals?

In my 26 years on the Hancock County coast no realtor or attorney has failed to advise me that there are no warrantable titles to land in the Mississippi that has been under up to six different sovereignties.

What they have not said to the buyer/seller is that the only certainty is that all lands within the boundaries of mean high tide belong to the state of Mississippi.

Sportsmen and conservationists whom I know are, for now, merely elated that destructive encroachment on the tidelands is now stopped! But we nurture a fond hope that some day, some way, the damage already done to our hunting, trapping, and fishing grounds will be reversed. We hope that all obstructions to the marshes and bays that support the Mississippi Sound will be removed and that those estuaries will be restored to a productive state.

Getting off the bottom starts with stopping the backing down.

Respectfully,  
Lee Paul  
Waveland

## The President's Column

### Olympics inspire American patriotism

If you are like me, you look forward every four years around this time to a very special event—the Summer Olympics.

As you know, the Olympics are being held in Seoul, South Korea. On opening night, athletes from all over the world marched around the Olympic stadium there, and stood and watched as a single torchbearer climbed the steps and lit the Olympic flame, marking the start of the games.

I am sure that, like me, you will be proud of all of the young men and women, and particularly of our own American athletes. Our athletes are a remarkable group, not only for their achievements, but for how they represent so much of what is good and beautiful and splendid about this sweet and promised land.

As Vice President Bush said, when, representing all of us, he saw them off to Seoul, they stand for "the country of the little guy—the country where, no matter what the circumstances of your birth or background, you can go anywhere and do anything...where the millionaire has no more vote than the pauper...where the sense of possibilities is so palpable you can almost breathe it in the air."

The Vice President was right, and I have always thought you could see the spirit of which he spoke in all our Olympic athletes. You can see it in the way so many of them pause in their daily training in Seoul—as our athletes have at past Olympics—to help competitors from countries where good coaching is hard, if not impossible, to find.

You can see it in stories that have been told about American Olympians over the years, like the one about a boyhood hero of mine, Jim Thorpe. In the 1912 Olympics in Stockholm, Thorpe took the gold in both the pentathlon and the decathlon. He was the most talked-about competitor at those games. With his medals won, Thorpe was presented to the King of Sweden, who said, "You, Sir, are the world's greatest athlete." And what was Thorpe's reply to this august European monarch? It was simple, straightforward, and American. He said, "Thanks, King."

And you can see the American spirit in the lives of every one of our team members at these games. This team comes

from all over our nation—from the rough and tumble street of our brawny cities to the quiet lanes of our vast countryside, from the suburban hills of southern California to riverfront towns in the Midwest. They represent every aspect of our country's life—and a shining hope, too, a crystalline beacon of opportunity that we know is the heart of America.

One athlete, raised in very modest circumstances, recalled recently that, "We were rich as a family." And that wealth of love has given her the strength to achieve her dream, just as, throughout our history, the wealth of family love has given countless millions of Americans the strength to pursue their dreams in our land of opportunity.

There is so much we have to be proud of in our Olympic team this year. In all teams from all over the world, no group of young men and women is quite like them. They are filled with optimism for the future, with faith in the boundless possibilities of humanity, with zest for a life pursuing excellence, pursuing achievement, pursuing the limits of their God-given abilities, and piercing beyond what they thought were those limits.

As an Olympic athlete from another nation recently marvelled about our nation and its people, "In America, they appreciate (achievement and faith in the future). In fact, he said, 'it is a prerequisite for getting around.' And he concluded, contrasting the energy of the United States to other countries he had known, 'for everybody on the street (in America), every day is a competition.'"

Yes, our athletes have a love, a happiness, an exuberance in being American. They are as patriotic as the Pledge of Allegiance; as red, white and blue as the flag. They are filled with the spirit of our land in all of its magnificent diversity—a diversity you can see even in their faces. When you look at most other teams, it is easy to tell what continent or region they are from. But we Americans come from every continent and region. Ours are the faces of all humanity, just as our nation was built by the hopes of all humanity.

So as you watch these Olympics, remember—win, lose, or draw—how much we have to be proud of and thankful for. After all, we are Americans.

## WASHINGTON REPORT

From The Office of  
Senator Thad Cochran

### Drought forces disaster status

Senator Thad Cochran announced that all 82 counties

in Mississippi have been declared disaster areas due to the severe drought this spring and summer.

Cochran made the announcement of the statewide disaster declaration after conferring with Department of Agriculture officials in Washington.

The Secretary of Agriculture said the declaration was in response to severe drought damage and heat from Apr. 1 through Aug. 23 this year resulting in substantial crops losses in Mississippi.

USDA said eligible family farmers in the state's 82 counties should contact their local (county) Farmers Home Administration office to make application for the emergency loans authorized under the announcement.

Cochran pointed out the disaster program was part of the drought relief package, entitled the Disaster Assistance Act of 1988, passed by Congress and signed into law by President Reagan earlier this summer.

The senator was a member of the special congressional task force which drafted the legislation and helped secure its passage.

## IN BRIEF

### FAVORITE COLOR

Not satisfied with your tomato crop? The solution may be as simple as changing the color of mulch in the garden. According to *National Wildlife* magazine, researchers have found that vegetables respond favorably to particular wavelength lengths of reflected sunlight.

Tomato plants grow over red mulch produced 20 percent more top quality tomatoes than those grown over black plastic. Potatoes and green peppers, on the other hand, show a distinct preference for white mulch.

### WONDER WORM

A 12-foot long worm that makes a sound like a bathtub draining may not seem like much of a tourist attraction, but the bizarre giant earthworm has inspired the economic salvation of one Australian town.

According to *National Wildlife* magazine, after the local coalmine shut down, the townsfolk of Koorumburra (pop. 2,800) turned to their one notable resource: the great Gippsland gurgling earthworm. Colorful to earthworms began appearing in shop windows, and the town launched an annual worm festival complete with parades and an earthworm queen.

## Bluegrass music festival attracts fans to Laurel

Mississippi's largest Bluegrass music festival opens Thursday, Oct. 6 at Lonesome Pines Bluegrass Park near Laurel. The three-day event brings Bluegrass fans from all over the country to Laurel for this semi-annual event.

"Things are looking good for this fall festival," states Mrs. Reece Owens, park owner who is referred to in Bluegrass circles as 'Mama Reece.' "We are expecting our biggest crowd ever and the fall always gives us such pleasant weather for our outdoor show." The park and stage area are nestled under huge pine trees with a natural amphitheater and has been in existence since 1980.

"We really don't wait until show time to start having fun. We have people come in as much as a week in advance to just camp and visit. It's like a big family reunion, and then we have the music."

The park was opened by Mrs. Owens and her late husband, Reece Owens, to bring good family entertainment to the Laurel area. "This place belongs to all our neighbors and friends and offers us something really fun to do and is a clean place for families to come and

enjoy the music and the outdoors."

Featured groups will include Grand Ole Opry stars Jim and Jesse and the Virginia Boys, as well as a host of Bluegrass bands from Oklahoma, Arkansas, Louisiana and Mississippi. A musician's workshop will be held Saturday morning and the professional musicians will share their techniques with the festival fans and musicians.

Mrs. Owens says that about 200 recreational vehicles are expected for the weekend. "We have had calls from as far away as Missouri and California about the show and we are expecting a big bunch of Bluegrass folks in Laurel."

Mrs. Owens says that Laurel has become well known as a Bluegrass stronghold as a result of this show. "We have received letters from Europe and South America about our show. They were asking that we send information, pictures, even videos that they may see," she said.

The show will kick off Friday and Saturday afternoons at 2 p.m. and will go until near midnight. Mrs. Owens says that fans from nearby areas come on Saturday and spend the day.

Concessions will be furnished by the Soso Athletic Booster Club and arts, and crafts vendors from all over will be displaying their goods as well.

To get to the park, take Hwy. 84 West of Laurel, turn up Hwy. 28 toward Soso and follow the signs. Complete camping and bath facilities are available for

more than 200, but Mrs. Owens suggests arriving early to be sure of a camping spot.

Anyone wanting information on the festival should call Mrs. Owens at 1-729-2691 or Peggy Owens at 1-729-2932.

# SSC Rock-a-Chaws rolls past Long Beach Bearcats

The St. Stanislaus Rockachaws used an aggressive ball-controlled offense and a swarming defense to demolish the home-standing Long Beach Bearcats 34-0 in a football contest played Friday night at Bearcat stadium.

SSC rolled up 164 rushing yards and 175 passing yards and dominated the line of scrimmage, while holding the Bearcats to only 68 yards of total offense.

The Bearcats never seriously threatened to score against the Rocks, as Coach Larry Ramsey's defensive troops recorded their first shutout of the season.

Quarterback Cedric Smith and running back Gino Ascani led the offensive attack as each scored two touchdowns. Adding the other touchdown was Shannon Garrett on a 17-yard pass reception from Smith.

After a scoreless first quarter in which several long Rockachaw gains were nullified by penalties, the Rocks drove 40 yards for their initial score.

Smith scrambled for a first at the LB 30-yard line, and Ascani swept right end for eight more yards on a nice block by split end Scott Heitzmann. Garrett's reception brought the ball to the 18-yard line, where a facemask penalty against the Bearcats moved the ball to the nine.

Ascani then blasted over left tackle to the one yard line and Smith took it over on the next play. Heitzmann's extra point was good and the Rocks led 7-0 with 9:30 remaining in the half.

The Rockachaw defense began to assert themselves as they pushed Long Beach back in the next series, aided with sacks by Sean Sewell and David Alexander.

Ken Booker returned Long Beach's punt to the 45-yard line and Ascani chewed up 36-yard on an end run. Two plays later Ascani scored over left guard and with 4:55 left in the half SSC led 14-0.

SSC's defense held the Bearcats to only one first down the entire half as Scott Necaise and Craig Sweeney jammed up the Bearcats attempts to run the ball.

After Long Beach punted to the Rocks, Smith found Heitzmann on two consecutive pass plays which brought the ball down to the 17-yard line.

Smith then found Garrett between two Long Beach defenders, and SSC upped its lead to 20-0 as the first half came to a close.

It took the Rocks only three plays into the third quarter to add another six points as Ascani sliced his way through the Long Beach secondary for a 33-yard

scoring effort.

Heitzmann's extra point was again good and the Rocks were in control 27-0 with eight minutes left in the third quarter.

Long Beach picked up their second first down of the contest when tailback Eddie Lyons ran a draw to the SSC 25-yard line. This was as close as the Bearcats would penetrate inside Rockachaw territory as the defense dug in and held.

Both teams traded possessions in the next two series of plays. SSC's final touchdown came when Long Beach tried a fake punt on their 32-yard line which was read by Tracy Koller.

The Rockachaws took over and running back Tory Lowe broke through the Long Beach defense for an apparent touchdown, only to have it called back due to an illegal block.

Smith rolled right and found Heitzmann inside the five yard line of the Bearcats. Two plays later Smith scored his second touchdown on a quarterback sneak.

Duncan Matheson's extra point split the uprights and the Rockachaws were cruising, 34-0 with 7:39 left in the contest.

Coach Ken Lyons played his second unit at this time, and defensive coordinator Larry Ramsey began to freely substitute on defense.

Gary Ponthieux recovered a Long Beach fumble at the LB 43 yard line, and QB Ken Booker directed the SSC offense.

The Rockachaws kept the ball on the ground and ran out the clock, as Long Beach had one last possession in which they could not pick up a first down.

The Rockachaw coaches seemed pleased with the overall team effort after the game.

"I thought we were solid in

every phase of our game," said Coach Ken Lyons. "We're always happy to win, but we must get in better shape if we hope to compete with Hancock North Central next week."

"The defense covered their assignments well," added Coach Larry Ramsey. "We had good secondary coverage, and I thought Scott Necaise, David Alexander, Scott Heitzmann, and Craig Sweeney had good games."

"But I know it will be an entirely different ballgame next week. Hancock will come ready to play ball. If we're not careful, they could beat us by the same score we beat Long Beach tonight."

Next Friday the Rockachaws host Hancock North Central Hawks at Rockachaw stadium. Last year the Hawks crushed the Rocks 55-12.

## FISHIN' TIPS FROM THE HUMMINBIRD PROS

by Larry Colombo

October is the month when serious fishermen become serious "Bird Watchers". Probably more than any other time of year birds, especially sea gulls, will help an angler locate his quarry.

Activity on surface will provide much excitement for anglers seeking such game fish as white bass, yellow bass, hybrids, stripers and largemouth.

Schools of bait fish such as threadfin shad which hatched earlier in the summer have reached forage size. Game fish will run the baitfish to the surface and will feed voraciously upon them. Sea gulls keep a watchful eye on such activity, as baitfish crippled by the feeding activity provide an easy meal for the diving birds.

A fishermen should be ready to move quickly to the spot of the schooling action, which can last from a few seconds to an hour or more.

For best results, choose a lure which closely resembles the baitfish, both in size or color. In other words, "match the hatch".

Fish which have been observed feeding on surface, then disappear, can usually be located using a good depth sounder. Most bass or striped species will move to the bottom and can now be caught with a 1/2 to 1 ounce jiggling spoon. Fished vertically, next to the boat, a spoon becomes a very effective lure when allowed to reach the

bottom in ten to twenty feet of water.

Mark the location of the schools with a brightly-colored, plastic marker buoy and monitor their movement with the depth sounder.

Tips from the Humminbird Pros are presented by Humminbird, Eufaula, Alabama. Good Fishing with America's #1 Depth Sounder.

## State ranked Hawks trounce Pass Pirates

BY D.C. HARVILL

Despite a noble attempt by an out-weighted, inexperienced team to contain them, Hancock North Central's Hawks, ranked 20th in the state going into the game, steamrolled over the Pass Christian Pirates for a 42-18 win Friday night at North Central.

Hancock set the pace early in the game when Terrance Goff, "the Freshman Flash," charged down the sideline on a 63-yard touchdown run. Then on a faked extra point kick Casey Davis passed to Ronald "Doodle" Doyle taking the score to 8-0, Hawks.

The Pirates wasted no time in retaliating with LaShan Ausmer evading Hawk tacklers to place the ball on the 16-yard line. Then Eric Dawkins, recovering a fumbled pass, found a hole in the Hawks defense to put the Pirates on the board.

Hai Mai's point attempt failed and the score was 8-6, Hawks.

The second quarter was all Hawks, with Goff dashing for his second TD. Guy "Tater" Graham's point attempt was no good. The score was now 15-6.

Hawks

The Hawks jumped to a 21-6 lead when Goff blasted past the Pirates defense for a 69-yard TD run and Graham's PAT went through the uprights.

Graham helped widen the Hawks' lead when he played into the endzone for a TD. With the extra point the Hawks led 28-6.

Jeff Moran then completed a TD pass to Doyle. Graham's PAT was true and the Hawks' score climbed to 35.

The Pirates made a show in the third quarter when Jimmy Ladner found a Hawk weakness and ran in for a TD narrowing the gap to 35-12. Hancock. An attempted two point conversion was stopped short by the Hawks.

Taking no chances with the Pirates' tough, but inexperienced, team the Hawks increased their lead when Jeff Moran scored on a quarterback sneak. The PAT was good.

Going into the fourth quarter the Pirates trailed the Hawks 42-12.

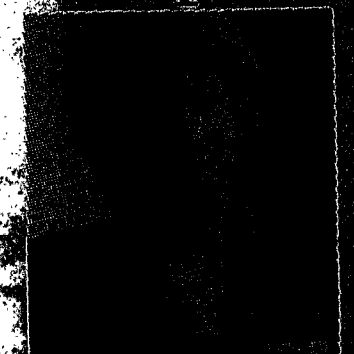

With a LaShan Ausmer TD, the Pirates put six more points on the board, showing that just

mean they were better. Pass Christian attempted a two point play, but the pass was intercepted by Hawk's Casey Davis.

The final score was 42-18.

Next Friday the Hawks travel to St. Stanislaus and the Pirates will play Stone County at home. Kick-off for both games is 7:30 p.m.

## SSC Junior High Rocks lose in football action

By MIKE GEMELLI

The St. Stanislaus Rock-A-Chaws dropped two football contests last week, losing to the Long Beach 7th-8th Grade team 30-0 and then to the Mercy Cross 9th Grade team 22-0.

In the 7th-8th grade game, Long Beach opened the scoring when Travis Borhes scored on a seven-yard touchdown run with :39 seconds left in the first quarter. The Bearcats got their second score with one second left in the first half on a 25-yard flea flicker pass from Jermaine Marshall to Sean Harden. The two-point conversion was good, and Long Beach led 14-0 at halftime.

The Rocks tried to get back into the ballgame when QB Bryce Gex hit split end Adam Zimmerman for a first down in Long Beach territory. However, the Rocks couldn't move the football and had to punt.

SSC had another opportunity when Jason Camiola recovered a Long Beach fumble on the SSC 34-yard line. Hard running by Regan Leopold and Danny Jackson accounted for two first downs, but the Rocks had to give up possession on downs.

Long Beach scored its third touchdown on a 10-yard run by Norman Bradley, and tallied its final score on a 20-yard interception run by Bradley. The two point conversion made the final score 30-0.

Coach Rory Rafferty credited the following players with good efforts in the game: Charlie Nelson, Jason Camiola, Bryce Gex, Patrick Kennelly, Bo McCranie, Mark Murray, Robbie Niolet, Brad Wiggins and Adam Zimmerman.

In the 9th grade game, the Rock-A-Chaws appeared sluggish and allowed Mercy Cross to control the line of scrimmage. SSC fumbled on their second offensive play from scrimmage, and Mercy Cross recovered at the SSC 41-yard line.

The Crusaders mounted a 40-yard drive, only to be stopped by a swarming Rock-A-Chaw defense at the one-yard line on fourth down.

SSC gave the ball right back to Mercy Cross two plays later when they fumbled on their four-yard line. Mercy Cross QB Bobby Lafonte scored on a bootleg around left end with :13 left in the first quarter. FB Mike Williams two-point run was good and the Crusaders led 8-0.

The ensuing kickoff was returned by Dwayne Raphael to the SSC 36-yard line. Running back Tate Thriffiley carried around end for a first down, but the Rocks' drive stalled and SSC had to punt.

Mickey Quinlan's fake punt and pass to split end Adam Breerwood was good for a first down as Breerwood raced to the Mercy Cross 25-yard line. A fourth down halfback pass to Nick Rumore fell incomplete, and the Rocks gave up possession deep in Mercy Cross territory.

MC running back Williams ran 52 yards for their next touchdown on a reverse. With 5:09 left in the third period, Mercy Cross led 14-0.

Nick Rumore returned the kickoff to the SSC 31-yard line,

but the offense was unable to move the ball and the Rocks had to turn the ball over to the Crusaders.

Quinlan recovered a Mercy Cross fumble at the SSC 33-yard line with two minutes left to go in the third quarter, but again the Rocks had to punt after three downs.

MC running back Joey Chin sliced through the Rockachaw secondary for two key first downs to keep their drive alive, and QB Lafonte scored his second touchdown on a bootleg with 6:21 to go in the ballgame.

Both teams battled around midfield in the final minutes, with Mercy Cross winning 22-0.

Coach Chuck Genin praised the efforts of Mickey Quinlan, Mark Sherwin and Nick Rumore during the contest. Both junior high teams are now 0-2 for the season.

#### CRABBING SAFETY

People crabbing in closed shellfish waters have become ill from eating crabs that were fully cooked but exposed to contaminated water after cooking.

While seafood should be cooked carefully and thoroughly, careful handling after cooking is also essential. Cooked seafood should never be returned to the container it was stored in before cooking.

If cooked seafood is not consumed immediately, it should be stored at 45 degrees or less.

The membership was led in the singing of 'America the Beautiful' by Lana Noonan, followed by the Pledge of Allegiance and the Preamble.

Many 'new but old' programs were spoken about to be discussed at future meetings; this had a very enthusiastic response from the membership. The kitchen is expected to be reopened under the guidance of Mmes. Debbie Collier and Susan Piazza in the very near future.

Mrs. Oris Planchard presented a bulletin from the Hotel Reed Nursing and Retirement Home and also told of the veterans who live there.

Mrs. Roslyn Weathers invited the members to come to the next birthday party for the residents on Tuesday, Sept. 20 at 2 p.m.

The semi-annual 'bing-wich' for the Biloxi veterans will be held Thursday, Sept. 20 at the legion home under the guidance of Mmes. Lena Cuevas and Susan Piazza. Many of the members will bring donations of sandwiches, cakes and other goodies, and this activity is looked forward to with eagerness by the veterans.

### BIRTHDAY PARTY

The regular monthly birthday party was held Sept. 20 at the Hotel Reed Nursing and Retirement Home. Mrs. Lena Mae Ousalek played the piano while Mmes. Oris Planchard and Roslyn Weathers went among the residents to participate in the activity.

Mrs. G., director of nursing and Mrs. Beth, director of activities, were delighted to see the cafeteria filled and how much all of the residents enjoined in the singing and the great feeling of friendship throughout the room.

## Add elegance to a formal dinner party

There's no doubt about it: formality is back in style.

Men are accessorizing their professional wardrobes with Dunhill pocket watches and Montblanc fountain pens and spending their leisure time playing tennis and golf. Women are donning gloves and hats in the daytime and dressing in elegant gowns at night. Couples are courting again, and gentlemen, with fresh flowers in one hand and Swiss chocolates in the other, are paying formal calls on women.

Ahh...the formality of it all. What a pleasure it is to enrich our lives with the simple touches of old world grandeur.

One celebration of formality which is becoming the preferred choice for home entertaining is the formal dinner party. Once considered a ceremony reserved for members of high society, today, hosting a formal dinner party for a small group of friends is regarded as a pleasure in which anyone can indulge.

Hosting a formal dinner party that will both impress and delight your guests is easy and enjoyable. The key is to attend to every detail—from the handwritten invitations to the traditional menu—and maintain an aura of elegance and formality.

The following hints suggest how to add the right touches of elegance to your formal dinner party.

1. Write all invitations by hand. Writing on fine stationery with a fountain pen will give

your invitations a charm and grace reminiscent of days gone by. Since the invitation will be the first detail of the party which your guests will see, it is important that it set the proper tone for the occasion.

2. Design a seating chart. Letitia Baldrige, an internationally recognized expert on etiquette, considers seating charts to be essential "whether one is giving a private dinner at home or a lunch for 400 in a hotel." Use a fountain pen to create your seating chart on a lovely piece of stationery. Place the plan on a table in the foyer for your guests to peruse as they arrive.

3. Create a handwritten place card for each guest. Write the guest's full name on each card. The card may be placed on the guest's napkin, on the tablecloth, propped against a glass, or above the plate at the place setting.

4. Compose menu cards. On white or ivory cards, write what will be served at dinner. Place the menu cards strategically on the table to ensure that each of your guests is able to read one.

For all of the above, Montblanc suggests using classic blue or black ink. While red or green ink can add a festive touch to a dinner party around the holidays, blue or black ink will lend an air of timeless elegance and grace to a formal dinner party at any time of the year.

## RELIGION

## Reflections

## Christianity a required course

By Fr. Jerome LeDoux, SVD

To all appearances, most people by far, including most Christians, consider Christianity an elective in the University of Life. Take the course if you will, but you don't have to.

All beliefs and opinions to the contrary notwithstanding, Christianity is a required course in the University of Life. Most bluntly put, without this course you will not graduate from the reign of God on earth to the kingdom of God in heaven.

If Christianity is an elective, then Jesus never said: "I am the Way, and the Truth, and the Life. No one comes to the Father but through me." (John 14:6)

Nor could Jesus the Christ, whom we follow as Christians, have said: "I am the Vine; you are the branches...apart from me you can do nothing...Who does not live in me is like a withered, rejected branch." (John 15:5-6)

There is absolutely nothing elective about that. If you do not remain a part of the Vine, you shall wither and die. Without a doubt, you will not succeed in finding your way to the Father.

Certainly, you consider Christianity an elective if you do not follow the cardinal rule of the way of Jesus: the Golden Rule. Do you really think of others, speak to others and do unto others just as you would have them think, speak and act toward you?

"Treat others the way you would have them treat you," (Matthew 7:12), Jesus commands us. That is nothing elective.

Jesus bores in on his identity with each of your sisters and brothers. The Vine speaks to the branches: "As often as you did it for one of my least brothers, you did it for me." (Matthew 25:40)

If that is an elective, the sun rises in the west, sets in the east, and shines all night long. We have no choice but to identify with Jesus through each of our sisters and brothers. This learning Jesus as Lord and Master is obviously a required course.

When you are tempted to rig the scale while weighing something for a customer, when you feel like cheating a bit on a portion to be sold, when you are inclined to deceive someone on the quality of a purchase, remember that Christianity is not an elective.

Keep in mind that Christianity is a required course in the University of Life, especially when your eye roves toward someone else's spouse, or whenever you lean toward coveting anything which belongs to anyone else.

Let the words of Jesus to Nicodemus roll around your mind: "God so loved the world that he gave his only Son, that whoever believes in him may not die, but may have eternal life." (John 3:16)

Most clearly, whoever believes in him cannot be taking an elective, since believing in Jesus is linked to not dying and to having the ultimate of all goals: eternal life.

To die or not to die. To have eternal life or not to have it. Because Christianity is, directly or indirectly, the one necessary vehicle to attain eternal life, it is necessarily a required course.

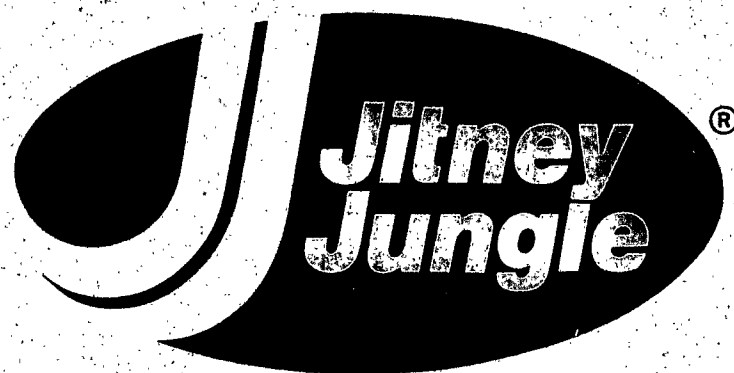

You are not dealing with an elective when you comb the

Scriptures, when you weigh the minds of theologians, when you pray privately or publicly, when you plunge actively into litur-

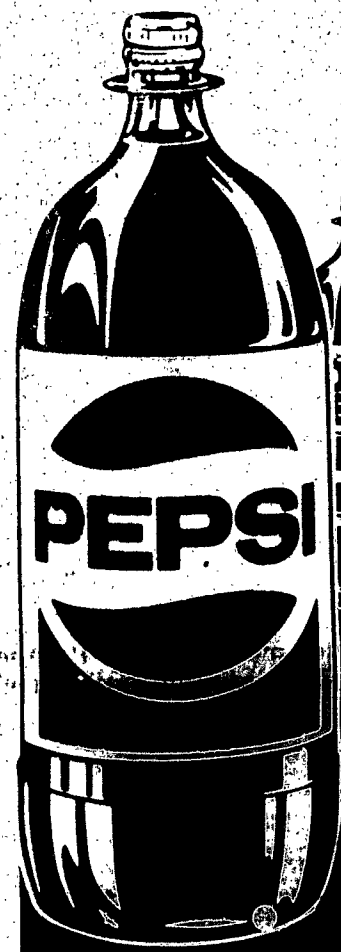

gies, especially when you commemorate the Lord's Supper. By any standards, Christianity is a required course in the Uni-

versity of Life. It underpins your family, your school, your work, your recreation and all your human relationships.

Thank God many times every day for having sent Jesus to give you the one course in life which leads you to eternal life.

# Coast Episcopal PTO sponsors Coastwide Children's Art Contest

Coast Episcopal Schools Parent-Teacher Organization and Pepsi Cola of Gulfport are again sponsoring an art contest in conjunction with the 'Toast to the Coast' celebration. Students in the fourth through eighth grades in all public, private and parochial schools on the Mississippi Gulf Coast are invited to participate.

Arts contest, announced the theme, 'Look Up, Look Out, Look Around, What Can You Discover?'

"This theme was selected to encourage curiosity and creativity in our young participants and to allow them to express a personal view of 'their' world," said Bernadas.

The rules of the contest are simple. Any media is acceptable. The students are encour-

aged to use a variety of materials, i.e., charcoal, crayon, watercolor, pencil, feathers, yarn, straws, toothpicks, bottle tops, or whatever can be included in a picture no larger than 18 inches by 24 inches, no smaller than 8 inches by 11 inches and no deeper than one inch.

Each school is responsible for judging and selecting first, second and third place winners.

Judging will be based on creativity, original concept and a 'hands off' approach from adults. The winning artists from each school will receive an award and an invitation to a workshop given by Coast artists in November.

The winning art work will be displayed at the 'Toast To the Coast' on Friday, Oct. 28, 1988, 7 p.m. at 613 East Scenic Drive, Pass Christian.

Some of the winners' work may be selected to become part of the International Children's Art Collection established by Isleta Braun. Upon request, this collection will be available to area schools, banks, libraries, etc.

Direct questions to chairman Charlotte Bernadas at 452-4449 or Coast Episcopal Schools at 452-9442.

## ON ETV

### MUNICH AGREEMENT

In September 1938 the world was on the brink of war. The immediate cause of tension was Czechoslovakia, where the grievances of 3.5 million Germans against the Czech government were the pretext for a Nazi invasion.

In a dramatic act of international diplomacy, British Prime Minister Chamberlain, together with French Prime Minister Daladier and Italian Premier Mussolini, met with Hitler in Munich in an attempt to avert war.

On the 50th anniversary of the Munich crisis, ETV presents 'Munich: The Peace of Paper,' a 90-minute special, at 9 p.m., Wednesday, Sept. 28 which documents the appeasement process through eyewitness accounts and archival film footage. Many of the participants tell their story for the first time and offer new insight into events leading to the Munich Agreement.

### SHADOWS IN THE SUNBELT

A new documentary to air Sept. 27 on ETV explores what some Southern communities are doing to rebuild their economies. Tupelo and Judah, Miss., in the northeastern part of the state, are two such communities featured in 'Shadows in the Sunbelt' at 7:30 p.m., Tuesday, Sept. 27 on Mississippi ETV.

Mississippians featured in the documentary are Tom Pittman of Tupelo, Vaughn Grisham of Oxford, Gerald Washington of Judah and former Governor William Winter of Jackson.

Beyond the prospering cities of the Sunbelt, some parts of the rural South are struggling for survival. 'Shadows in the Sunbelt' travels to communities in Arkansas, Mississippi, Kentucky, North Carolina and South Carolina, where, in the face of high illiteracy and low incomes, people are taking bold steps to stop the rapid decline, rebuild their economies and improve the quality of life.

Tupelo, as the program shows, has become one of the rural South's shining stars. Fifty-four years ago, a sociologist bought the local newspaper and began a half-century experiment in community development. Today, the newspaper is integral to the community and has fostered a broad cross-section of leadership and consensus among city, county and regional councils. This cooperative spirit can be seen in the success of Tupelo's Medical Center, a network of day care centers and tremendous community pride.

This sense of drive and determination is evident also in nearby Judah. Ten years ago, one man, Gerald Washington, started to build furniture with two tools he bought on time. Today, the furniture company that he started is the largest employer in the county. Washington has since sold the company but continues to run it. The \$60 million-a-year company employs 950 persons.

'Shadows in the Sunbelt' is a production of the South Carolina Educational Television Network in cooperation with MDC, Inc., of Chapel Hill, N.C., a nonprofit research corporation that specializes in developing programs and policies to improve economic prospects of poor and rural communities in the South.
